

HYDRO ENCLOSURE

Complete solution for automatic hydrological stations

Technical Specifications:

System enclosure dimensions	636 mm x 847 mm x 300 mm (W x H x D)
Housing	GRP (Glass Reinforced Polyester)
Protection class	IP66
Temperature range	-40 - +60 °C (enclosure, components included)
Power supply	12–48 V DC
Overvoltage protection	IEC 61643-11
Solar controller	MPPT 12V/24V/36V/48V 10-60A

Communication interface	USB, Wi-Fi
Sensor interfaces	SDI-12, RS-232, RS-485, Digital I/O, Analog I/O
Modem	integrated modem or industrial cellular router with 4G LTE, Wi-Fi, and two Ethernet ports
Antenna	integrated multi-band LTE & 5G omni antenna
